

# Human Factors Education and Outreach: NSF REU Summer Program in Applied Psychology

Benjamin R. Stephens, Ph. D.  
Department of Psychology  
Clemson University

NHHPC Panel, NASA-Ames, October 2011

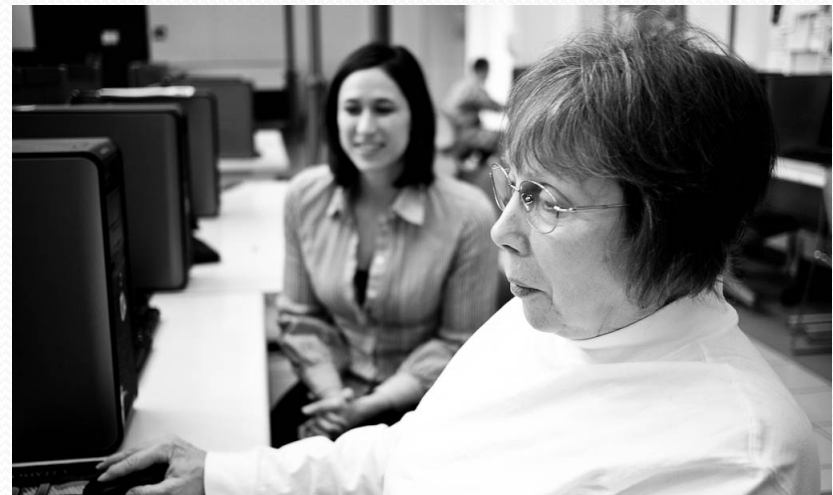

# NSF/REU Summer program in applied psychology

- 11 Interns from 500 applications

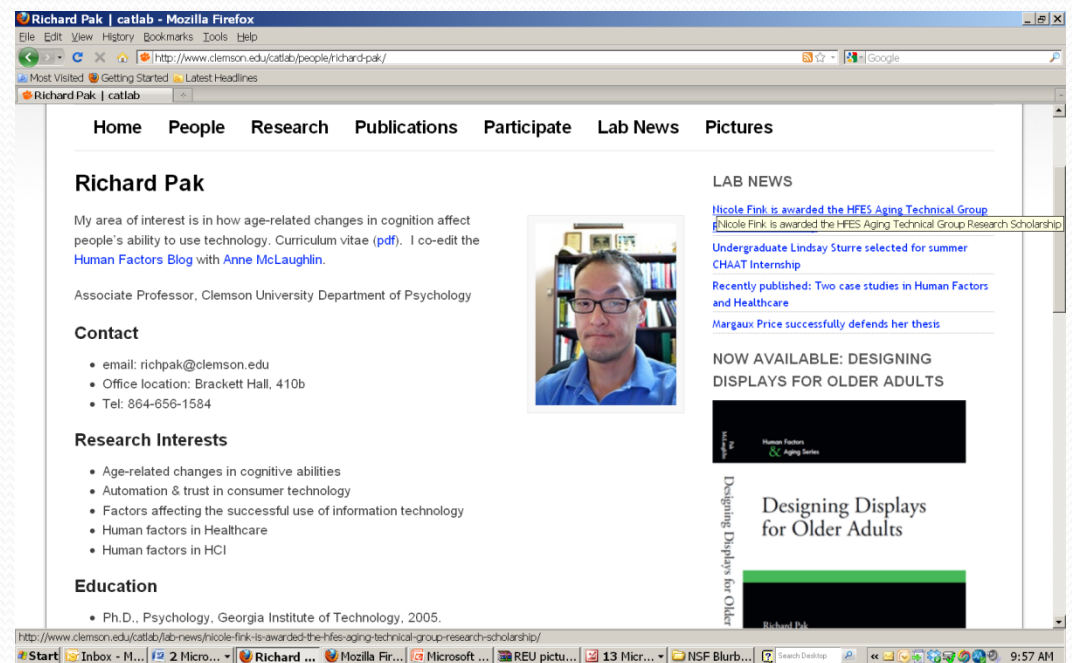

# NSF/REU Summer program in applied psychology

- 12 Interns from 500 applications
- Work mainly in HF

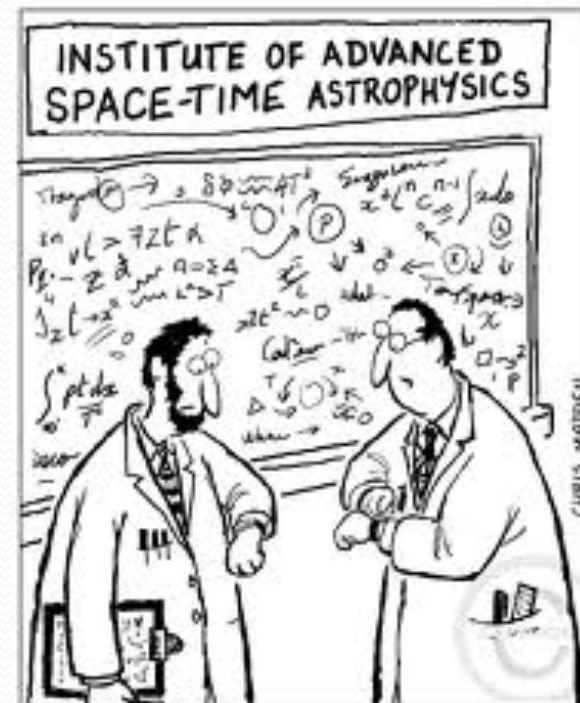

# NSF/REU Summer program in applied psychology

- 12 Interns from 500 applications
- Work mainly in HF
- Apprenticeship model

# NSF/REU Summer program in applied psychology

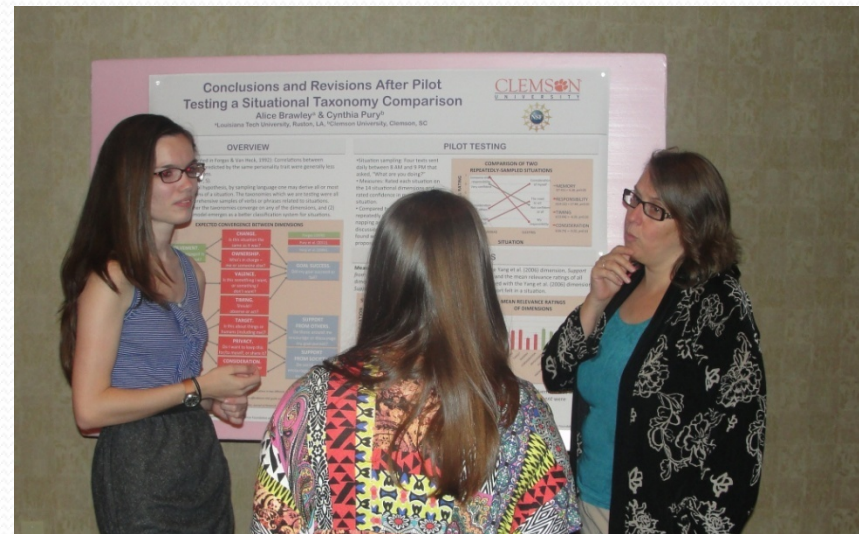

- 12 Interns from 500 applications
- Work mainly in HF
- Apprenticeship model
- Increase interest in science and scientific careers

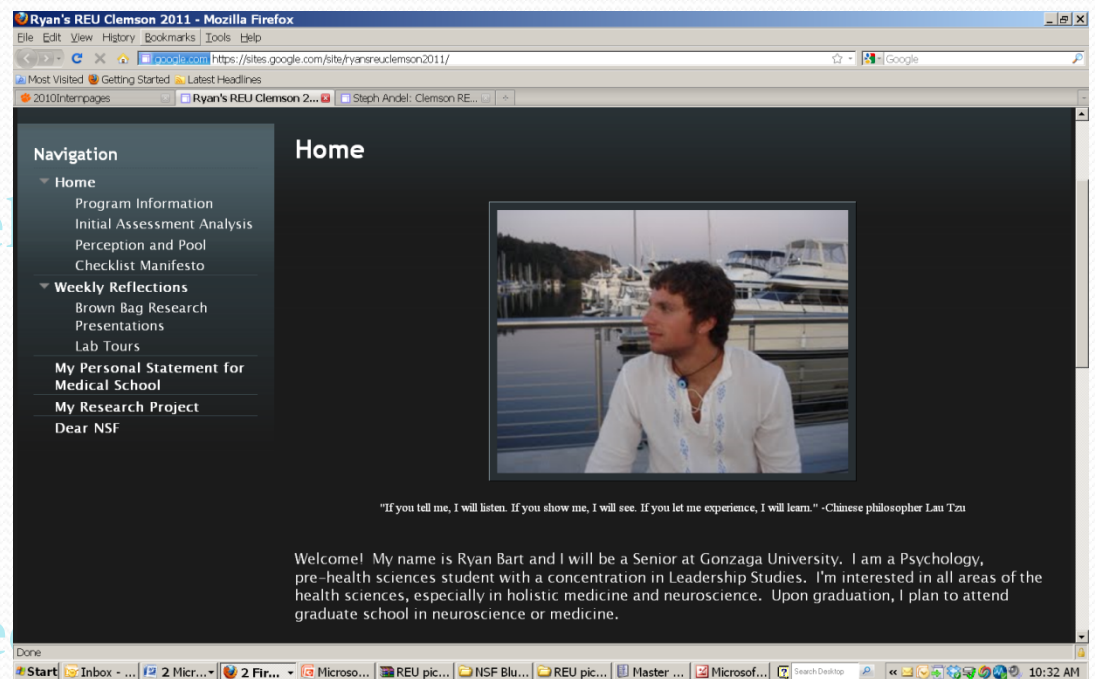

# NSF/REU Summer program in applied psychology

- 12 Interns from 500 applications
- Work mainly in HF
- Apprenticeship model
- Increase interest in science and scientific careers
- End of program  
Conference on Applied Psychology

# NSF/REU Summer program in applied psychology

- 12 Interns from 500 applications
- Work mainly in HF
- Apprenticeship model
- Increase interest in science and scientific careers
- End of program Conference on Applied Psychology
- Intern ePortfolios

# Why do this???

- NSF funding for Interns only, and cost to Department is \$40K per year

# Several Values to Outreach

- Integrated Branding: Teaching, Research, Service
- Ethic of helping the next generation
- Summer research support
- Visibility of faculty research
- Collaboration in context of intern projects
- Visibility of graduate program - recruiting
- NSF association

# Acknowledgements

- Clemson Human Factors and Ergonomics Institute
- Clemson Department of Psychology
